Average Class Size: 15 – 30 students

Faculty: 170 (fulltime); 95% with terminal degree, 0 Teaching Assistants

Student/Faculty Ratio: 13:1

Athletics: NCAA Division 1, 19 varsity teams for men and women. Manhattan College athletic teams have a long history of outstanding achievement. For example, the Men's Basketball Team has consistently competed in the NIT and NCAA final tournaments, the Track and Field Team holds an NCAA Indoor championship and the Women's Softball team recently made it to the NCAA tournament.

Campus features: More than 70 co-curricular and extra-curricular activities and a range of ethnic and religious organizations enhance student life. The Coalition for the Performing Arts includes the Manhattan College Singers, The Manhattan College Player, The Manhattan College Jazz Ensemble, The Manhattan College Dancers and the Manhattan College Bagpipers. The Office of Campus Ministry oversees community service projects and sponsors service learning trips. The Center for Career Development has developed two innovative programs; the Cooperative Education Internship Program that identifies meaningful internships and the Mentor Program which matches students with leading professionals in their field of interest. Particularly noteworthy is the new state-of-the-art Library which features more than 100 computer workstations, full wired reading rooms and study carrels, and a 24 hour Internet Café.

National Reputation: *US News and World Report's Annual Guide to America's Best Colleges* places Manhattan College in the top tier among regional colleges and universities in the Northeast. Founded in 1892, the School of Engineering is one of the oldest and most successful engineering programs in the nation. Manhattan College has been designated a New York State Advanced Research Center.

Success Rate: Manhattan College has consistently exceeded the national average in the number of students placed in professional positions and in the number of recruiters coming to campus to interview students. More than half the students in the School of Business have jobs by graduation.

Accreditation: Manhattan College is accredited by the Middle States Commission on Higher Education. The College is approved by the American Chemical Society for the professional training of chemists and by the New York State Department of Health for Radiation Therapy Technology. Engineering programs are accredited by the Accreditation Board for Engineering and Technology (ABET), and the School of Business is accredited by AACSB International, the premier accrediting agency for business programs globally.
